

This whole situation is far from normal but we want you all to know that we're plugged into the main parts suppliers and will be supporting the Emergency Services and Key Workers (as designated by the Government) to keep their vehicles on the road. We're all prioritising these key areas and important people

We're open at Fleetline and we thought we'd reassure our customers regarding the additional safety measures that we have in place to protect our customers and staff during these trying times.

1. Each of our state-of-the-art workstations are 10m apart and we are adhering to 'social distancing' at all times
2. Our canteen is on a rota and we are always minimising contact
3. Customer facing areas are being cleaned and sanitised hourly irrespective of footfall

We're here for you and doing our very best. Please stay safe and we're thinking about all of you...

The Fleetline Team
