

### **Update 6.04.2020**

**New car registrations are down 44% and it looks like a lot of us are going to be keeping our current cars for a while...**

Not such a bad thing some would say but we all like our precious vehicles to look good. So, don't forget that as we're here helping keep key worker and NHS vehicles safely on the road, we're also here for everyone and have processes in place to securely and safely pick up your car from you should you need our help

This week we'll also be doing some interesting pieces on how to look after your car's paintwork from washing to final finishing, with a tip a day, watch this space...

This is a difficult time for everybody, and as we're open supporting critical services to stay on the road. We're there for everyone, Stay Safe

### **The Fleetline Team**
